LATIN AMERICAN CIVILIZATION AND CULTURE

GENERAL DESCRIPTION

This course aims to introduce students to and provide an understanding of the basic elements that shape Hispanic American culture. It addresses key issues that currently contribute to the interpretation and understanding of contemporary Hispanic American society.

CONTENTS

- Topic 1. Introductory Activity: Basic Knowledge of Hispanic America
- Topic 2. Differentiating Concepts: Hispanic America, Ibero-America, and Latin America
- Latin American Identity
- Topic 3. Geography: An Overview
- Topic 4. History and Art
- Topic 5. Spanish and Indigenous Languages
- Topic 6. Dictatorships

METHODOLOGY

All CLM classes follow an integrated-skills approach. Students will work in pairs or in groups, and each topic will be accompanied by a series of activities designed to develop each of the language skills.

Students will work with texts, audio materials, videos, and other learning tools such as word clouds and mind maps.

EVALUATION

To be eligible for assessment, students must attend at least 80% of class sessions.

- Final exam: 60% (held on the last day of class)
- Class participation and assignments: 40%
 - Participation is understood as active and productive involvement, demonstrating both interest and progress throughout the course.
